## Description:

This is a rare partnership between two geniuses at the top of their crafts -- Kanye West, who was named the smartest man in hip-hop by Time magazine, and Bill Plympton, an Academy Award-nominated animator, cartoonist, and illustrator. Through the Wire is a graphic memoir that illustrates the lyrics of twelve Kanye West songs to tell his story, from his decision to drop out of college to pursue his dreams in music, through his

days spent folding chinos at the Gap while struggling at night to make a name as a producer, through the pivotal car accident that eventually set him on the course to stardom and the epiphany of realizing exactly who he had become:...They say people in your life are like seasons And anything that happens is for a reason...Plympton illustrates each of the songs in detail, his vision of Kanye's world. The songs are annotated with explanations of the references in the songs, biographical components that illuminate the lyrics, and their meaning on a deeply personal level. The result is a one-of-a-kind book that initially grabs you and stays with you forever.

What happens when you put Grammy Award Winning Artist, Kanye West & two-time Oscar Award-nominated animator and graphic artist Bill Plympton together... you get a MASTERPIECE!!! The illustrations in this book are vivid, creative, and beautiful. Bill Plympton's art work breathes life into Kanye West lyrics. Included in this book are lyrics and a brief summary of Kanye's music. I wished it included an in-depth detail meaning of each song, but sometimes the smallest thing can inspire us to do great things. 4 Stars Orsayor
